

# SUMMER READING is CRITICAL to SUCCESS

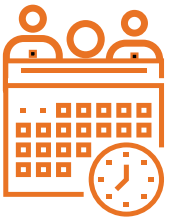

## 4+ books needed

Children who read four or more books over the summer fare better on reading comprehension tests in the fall.<sup>1</sup>

## 4X less likely to graduate

Third-graders who can't read on grade level are four times less likely to graduate by age 18 than a proficient reader.<sup>2</sup>

## 2 years behind

By the end of 8th grade, children who lose reading skills during the summer are on average two years behind their peers.<sup>3</sup>

## 2-3 months lost

Low-income children lose about 2-3 months in reading over the summer.<sup>4</sup>
